Archaeology For All Ages

Oregon Archaeology Celebration 2003

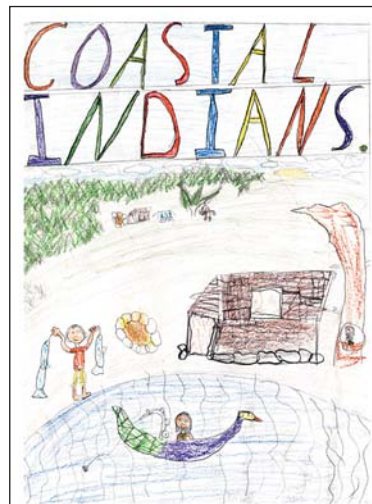

2003 is the 10th year of celebrating Oregon’s rich and diverse cultural heritage. We hope you’ll join us in participating in the many events offered statewide for this year’s Oregon Archaeology Celebration!

To commemorate this year, the Oregon Archaeology Celebration committee invited 4th grade students around the State to design and submit a picture focused on the theme “How people lived in the past in Oregon.” The winning design submitted by Misty T. of Tillamook, Oregon, is the artwork featured on this year’s poster.

Altogether, 197 poster entries reflecting a high quality of artistic thought and endeavor were submitted. Though only one statewide winner and four regional winners were chosen, the committee wanted these young students’ work to be seen and recognized by the public. All of the student’s entries will be on display at various locations throughout the state, including the State Fair in the BLM cabin.

Please remember that archaeological sites are an important part of our heritage, but they are fragile. If you visit an archaeological or historical site, please treat the site with respect so that others may enjoy it as well. State and federal laws prohibit site damage or the removal of artifacts from sites.

The State winner (top) and regional winners submitted by 4th graders throughout Oregon.

Starting at top - Clockwise: Misty T. – Tillamook, Niki R. – Bend, Erik F. – Amity, Duice S. – Ontario, Taylor J. – Tenmile

The Children’s entries will be displayed at the following places from mid-September through October:
